Special Rules

Open-topped

(p118) Pinned by hits from small arms in the same way as soft-skins and infantry. If assaulted by infantry open-topped armoured vehicles are destroyed automatically if the vehicle is damaged, in the same way as for soft-skins. If hit by indirect fire then add +1 to the damage result roll. Note that all hits upon the upper surface of armoured vehicles count +1 penetration regardless of whether the target is open or not - so open-topped armoured vehicles suffer a double penalty: +1 penetration and +1 damage result

Recce

(p118)

Scary Blighters!

Any enemy unit fighting Ghurkas in close combat will halve its total number of attacks against the Ghurkas (rounding up)

Team (2 men)

(p73) A Team weapon shoots at full effectiveness so long as there are at least two men to serve it. If only one man remains then the weapon suffers a -1 to hit penalty, and (p42) -1 penalty to its morale. For squad-based team weapons, loader must remain within 1" or weapon suffers the -1 to-hit penalty.

Team (3 men)

(p73) A Team weapon shoots at full effectiveness so long as there are at least two men to serve it. If only one man remains then the weapon suffers a -1 to hit penalty, and (p42) -1 penalty to its morale. For squad-based team weapons, loader must remain within 1" or weapon suffers the -1 to-hit penalty.

Tough Fighters

(p91) When a tough fighter scores a casualty in close quarters against infantry or artillery, it can immediately make a second damage roll.

HE (2")

(p68) PEN: +2, PIN: D3 (D6 if in building) - Infantry and artillery can go down to halve the hits taken

Easily catches fire

If a roll on the vehicle damage table results in the vehicle catching fire add D3 pin markers rather than just 1 before taking a morale test

Behind enemy lines

When Outflanking, ignore the -1 modifier to the Order test for coming onto the table

Assault

(p66) This weapon suffers no penalty 'to hit' when moving and shooting. In addition, infantry models armed with an assault weapon count as tough fighters (page 91). When a tough fighter scores a casualty in close quarters against infantry or artillery, it can immediately make a second damage roll.

Rapid Fire

If the army has this special rule then all rifle armed Regular and Veteran infantry units roll bonus dice when shooting. For every three men shooting rifles roll one extra die - so four riflemen would roll one extra die, for example. These extra shots can be assumed to come from any of the men fighting.

Turn on the spot

Can execute a full speed run rate 'reverse' finishing the move facing in direction of travel.

Sniper (Sniper with rifle & pistol- Spotter with pistol)

(p91) When a sniper shoots using a Fire or Ambush order, the player can decide to use his scope. Rifle range changes to 36". If target is within 12" the shot misses automatically. Shot ignores negative to-hit modifiers except pinning markers and for missing assistant. Shot ignores gun shield and extra protection rules. If successful, always counts as exceptional damage and can pick any model in the unit. When not using scope, all members of team can fire any weapon they have and in assault can use the assault rule if pistol/submachine gun.

25-pdr AT shell

The 25-pdr can shoot either HE or AT - if put into ambush the player must specify which kind of shell is loaded

Indirect fire

(p71)

Howitzer

(p71) Can either shoot directly at a target drawing its line of fire 'over open sights' in the normal way, or it can shoot indirect fire. When using indirect fire, a howitzer has a minimum range; when firing over open sights it has no minimum range.

(75mm) HE (2")

Instead of using the 1" template, use the 2" template (75mm gun tanks)

Gun shield

(p95) The die roll an enemy requires to score damage from the front arc of the gun is increased by +1. The die roll is modified by the penetration value of the weapon in the usual way. Hits from HE (both direct and indirect), flame throwers, and close quarters attacks ignore the gun shield rule.

Flak

All enemy units not currently down automatically fire at the attacking aircraft if it is within their firing arc and range, regardless of whether they have already taken an action or not that turn. Flak fire does not require an action. Line of sight ignored. Rolls to hit aircraft are always at a -2 penalty. Friendly flak units must test to hold their fire (page 67)

Fixed

(p66) When given Advance order, fixed weapons can rotate on the spot suffering a -1 to-hit penalty. Non-artillery Fixed can move normal 12" when given Run order.

Fire & Manoeuvre

Do not suffer the -1 to hit penalty for moving and shooting.

Fieldcraft

Units with Fieldcraft using Hidden Set-Up may start the game already in Ambush. In addition, in the first turn of the game, all Fieldcraft units treat all Rough Ground and Obstacles as Open ground for the purpose of movement.

Infiltration

When Outflanking, ignore the -1 modifier to the order test for coming on the table.

Local Troops

Always count as Veterans regardless of their actual experience level when testing for exhaustion.

Native Irregulars

Count as Observers/Snipers for Set-Up purposes.

Spotter

Spotters rules on page 71. Inexperienced Spotters cannot spot for inexperienced indirect fire weapon.
