.50 cal Vehicle MG	16"/40cm	3	4	5+	ROF 1 if other weapons fire.

SPECIAL RULES

Crocodile Tank Platoon - p.157

Fuel Trailer

Churchill Crocodile tanks are not affected by the Fuel Tanks rule like normal tank flame-throwers.

In addition, Crocodile Tank Platoons may not launch assaults, nor may they Counterattack if assaulted.

A force with a Crocodile Tank Platoon may not use the Night Attack special rule. Instead they Always Attack (use page 257 of the rulebook).

Rifle Company HQ (C3rd) - p.143

Canadian companies use all of the British special rules, except for British Bulldog.

Canadian Platoons do not use the British Bulldog special rule. Instead any Canadian Platoon that is Pinned Down may re-roll failed Motivation tests to rally from being Pinned Down or remount vehicles after being Bailed Out.

Canadian Platoons use the German Mission Tactics special rule.

Rifle Platoon (C3rd) - p.144

When making a Night Attack, Rifle Platoons with Defrocked Priest armoured personnel carriers may still make Spearhead moves, even though the platoon is not entirely made up of Infantry teams.
