Vehicle MG	16"/40cm	3	2	6	ROF 1 if other weapons fire.
.50 cal Vehicle MG	16"/40cm	3	4	5+	ROF 1 if other weapons fire.

SPECIAL RULES

Armored Rifle Company HQ (9th) - p.19

A tank that uses the Smooth Ride special rule does not suffer +1 penalty to its score To Hit when using the Stabilizers special rule, provided that it did not move more than 6"/15cm during the Movement Step and it did not move in, enter, or more out of Rough Terrain.

An Armored Rifle Company HQ that is Dismounted use the Task Force Riders special rule on page 9.

At the start of the game a player may elect to fit all of their Sherman tanks (of all variants), M5A1 Stuart, and M8 Scott HMC with Duckbills. This gives them Wide Tracks (see page 61 of the rulebook), but makes their mobility rating Slow Tank.

M4A3E2 Jumbo, M4A3E2 (76mm), and M4A3E8 Easy Eight tanks cannot be fitted with Duckbills and ignore the Duckbills special rule.

If a Tank team with Tank Telephone and an adjacent Infantry team did not move in the Movement Step, and the Infantry team is not Pinned Down, the Infantry team can use the Eyes and Ears rule (see page 195 of the rulebook) to Reveal one Gone to Ground enemy team to that Tank team as if the Infantry team was a Recon team. If other tanks in the platoon fire, they must either have their own Infantry team pointing out the targets or continue to treat the target as Gone to Ground.

If you pick the Dismount option for any of your platoons, then your Headquarters and all of your platoons that may pick the Dismount option must do so.

A Dismounted Armored Rifle Company is still rated as a Mechanised Company.

Tanks that use the Detroit's Finest special rule have a Movement Distance of 14"/35cm on Roads or Cross-country Terrain.

Teams from platoons that use the Task Force Riders special rule do not use the Truscott Trot special rule. Instead, teams from this platoon have a 3+ Save while Mounted on a Slow, Standard, or Light Tank team as Passengers, instead of the normal 5+ Save (see page 101 of the rulebook).

You may allocate hits to an M4A3E2 Jumbo or M4A3E2 (76mm) tank as if it had the lowest armour rating, assigning it a hit before the lesser armoured tanks.

This rule does not apply to hits from Artillery Bombardments or hits from Aircraft.

Armored Rifle Platoon (9th) - p.19

Armored Rifle Platoons that are Dismounted use the Task Force Riders special rule on page 9.

Recon Platoon (9th) - p.21

A Recon Platoon that is Dismounted uses the Task Force Riders special rule on page 9.

Recon Platoons are Reconnaissance Platoons.

Tank Destroyer Platoon - p.27

Tank Destroyer Platoons use the US Tank Destroyers special rules on page 238 of the rulebook.
