SPECIAL RULES

Jääkäri Platoon - p.229

Captain Lauri Torni is a Warrior and Command team rated as Fearless Veteran. Lauri replaces the Command team of a Jääkäri Platoon for a cost of +64 points. Lauri counts as a Recce team.

Lauri and the Jääkäri Platoon he has joined may re-roll any failed Skill Tests.

Lauri and the Jääkäri Platoon he has joined pass all Motivation Tests on a 2+.

Only one Jääkäri Platoon in a company may be upgraded to a Reconnaissance Platoon.

Panssari Platoon - p.225

Any type of Finnish Company may only field one Panssari Platoon of each of the following tanks:

T-34/76

T-34/85

T-28

KV-1

You may have as many of your Panssari Platoons equipped with T-26 tanks as you like.

Panssarikomppania HQ - p.225

Automated Fire Control

A Finnish Observer team from an artillery battery with a Staff team may act as the Spotting team for any artillery platoon, whether or not they have a Staff team.

When a Finnish artillery battery that has a Staff team fires an Artillery Bombardment, any other artillery batteries with Staff teams may join it before rolling to Range In and fire as a single combined Artillery Battery.

Bitter Enemies

When Finnish platoons test their Motivation to Counterattack in assaults against any Soviet platoon (Soviet company), you may re-roll the die and apply the re-rolled result to all Finnish platoons that failed on the original roll.

Hunters

Finnish Infantry and Man-packed Gun teams may move At the Double through Forests, Woods, Snow, and Deep Snow (see page 30 of the rulebook).

Intercepted Communications

Because of the excellent quality of the Finnish radio interception, Artillery Bombardments fired by an artillery platoon with a Staff team may re-roll the third failed attempt to range in. The artillery platoon does not get a re-roll on their first and second attempts.

Self Sufficient

Finnish Platoons use the German Mission Tactics special rule (see page 242 of the rulebook).
