One-shot

(p72) This is a disposable weapon that can be fired only once per game. Once fired replace the model with another model that does not carry the disposable weapon

Open-topped

(p118) Pinned by hits from small arms in the same way as soft-skins and infantry. If assaulted by infantry open-topped armoured vehicles are destroyed automatically if the vehicle is damaged, in the same way as for soft-skins.

If hit by indirect fire then add +1 to the damage result roll. Note that all hits upon the upper surface of armoured vehicles count +1 penetration regardless of whether the target is open or not - so open-topped armoured vehicles suffer a double penalty: +1 penetration and +1 damage result

Recce

(p118)

Recce (Dual direction steering)

(p118)

Shaped Charge

(p73) Never suffer the -1 penetration modifier for firing at long range.

Team (4 men)

(p73) A Team weapon shoots at full effectiveness so long as there are at least two men to serve it. If only one man remains then the weapon suffers a -1 to hit penalty, and (p42) -1 penalty to its morale. For squad-based team weapons, loader must remain within 1" or weapon suffers the -1 to-hit penalty.

Stubborn

(p91) If forced to take a morale check, they ignore negative morale modifiers from pin markers. Remember that order tests are not morale checks.

HE (1")

(p68) PEN: +1, PIN: D2 (D3 if in building) - Infantry and artillery can go *down* to halve the hits taken

HE (2")

(p68) PEN: +2, PIN: D3 (D6 if in building) - Infantry and artillery can go *down* to halve the hits taken

HE (3")

(p68) PEN: +3, PIN: D3 (2D6 if in building) - Infantry and artillery can go *down* to halve the hits taken

Assault

(p66) This weapon suffers no penalty 'to hit' when moving and shooting. In addition, infantry models armed with an assault weapon count as tough fighters (page 91). When a tough fighter scores a casualty in close quarters against infantry or artillery, it can immediately make a second damage roll.

Indirect fire

(p71)

Howitzer

(p71) Can either shoot directly at a target drawing its line of fire 'over open sights' in the normal way, or it can shoot indirect fire. When using indirect fire, a howitzer has a minimum range; when firing over open sights it has no minimum range.

Flak

All enemy units not currently down automatically fire at the attacking aircraft if it is within their firing arc and range, regardless of whether they have already taken an action or not that turn. Flak fire does not require an action. Line of site ignored. Rolls to hit aircraft are always at a -2 penalty. Friendly flak units must test to hold their fire (page 67)

Fixed

(p66) When given Advance order, fixed weapons can rotate on the spot suffering a -1 to-hit penalty. Non-artillery Fixed can move normal 12" when given Run order.

Spotter

Spotters rules on page 71. Inexperienced Spotters cannot spot for inexperienced indirect fire weapon.
